

MT-4008A

Item	Specification
Tablet (MT-4008)	
CPU	ARM CPU, 4Core,1GHz
OS	Android 4.4
LCD	8" 1280X800 WXGA 16:10 Color TFT-LCD with LED Backlight
Brightness	300 nits
Touch input	Projected Capacitive touch, supporting multi-touch
Memory	1GB DDR3L SDRAM
Storage	8GB NANDFLASH
Wireless connectivity	IEEE 802.11abgn+BT 4.0
Camera	5MP
Speaker/Mic	1W speaker / No
Sensors	G sensor
I/O	micro-SD, Power Jack, micro-USB
Buttons	Power
Battery	4800 mAh (minimum)
GPS	YES

Physical Dimension (tablet only)

Dimension (W x D x H in mm)	212 x 16.8 x 157
Weight (N.W. in g)	550

Dock Station

USB port	3 x USB 2.0
LAN port	GigaLAN x 1
COM port	2 x DB9
CR port	1
Built-in printer	3" WIFI thermal printer (200 mm/sec) (DS-210/DS-310)
Tablet charging	YES

Accessorie (Optional)

TA-220	3T MSR and/or RFID supporting MIFARE Classic 1k & MIFARE Ultralight
TA-300	MSR and/or Finger Print Sensor
Pistol Grip (PG-200)	Swappable battery module (5000 mAh) & optional 1D or 2D barcode scanner
Hand strap	Hand Strap for MT-4008A/H
Scanner	1D or 2D barcode scanner embedded in Pistol Grip
Charging Rack (CS-100)	Charging rack for up to 4 x removal battery
Charging Rack (CS-200)	Charging rack for up to 4 x MT-4008A tablet

Note:

MT-4008A/R: MT-4008A tablet+PG200 pistol grip
 MT-4008A/H: MT-4008W tablet+Hand strap

The Best Companion for
 Mobile Retailing and Hospitality

MT-4008A

Ergonomic and Versatile Mobile POS

MT-4008A is specifically created for both retail and hospitality segments. It is an 8" Android tablet that supports MSR attachment, and can be integrated with the choice of a detachable pistol grip or a hand strap depending on the application. Moreover, an optional dock station allows the device to have the features and functionality as an all-in-one POS.

Ergonomic Design

The detachable pistol grip (PG-200) for MT-4008A is a truly ingenious invention. It houses a 1D or 2D barcode scanner in the pistol grip shape handle, which is ergonomically designed to take the strain out of operator's hand and arm, and enabling the user to easily carry and handle the tablet. It smartly solves the cumbersome issue of larger mobile devices.

Extra Protection

Hand strap that comes with the hospitality package prevents the tablet from dropping on the ground accidentally and eases the use's fatigue during the hours of work.

Long Hour Operation

MT-4008A is designed with advanced power saving technology that provides long battery life for daily operation. However, for store owners who require even longer battery life for more intensive usage, the pistol grip also houses a removable battery that can vastly extend the overall operating time.

Versatile Function

Another highlight of MT-4008A is the optional dock station, which has a 3" WIFI thermal POS receipt printer built-in, and connectivity options such as Serial ports, USB ports, LAN ports and CR ports. Once the tablet is integrated with its dock station, an all-in-one POS is instantly at your disposal. The MT-4008A offers more than just mobility but versatility.
